April 16, 2009

Dear Mr. Wolk:

I am thrilled to report that we had an exceptional event last evening. We had approximately 65 in attendance – represented by students, faculty, staff and a good portion of community patrons as well. I am very happy about the turn out. We had a bigger turn out than our last film in the fall – this was only our second film screening for this new initiative and it was very well received. I have gotten a great response via email this morning. A reporter from the Harrisburg *Patriot News* was also in attendance and he specifically asked for me to contact him about our film series.

Frederik was an absolute joy to work with as well. Very relaxed and information – highly versed and articulate in the field of manga and anime in addition to his knowledge and love of writing and research. He met with two of our classes and lunched with some of the students. It was a highlight of the day to see our students engaged in an in-depth and meaningful discussion with a writer of Fred's caliber. We were very lucky and privileged to have him visit our campus for a complete day.

I would also like to extend my most sincere thanks to you and the folks at Gorgeous Entertainment – you have been a joy to work with – very supportive, collaborative and innovative in guiding me through this event. Most importantly, I have had a good time – I have had fun with this project.

While an audience of 65 may not sound like much – for an institution our size and our location, this is a success we can easily keep building upon. Our goal is to ***Bring the World to Etown*** – hosting Frederik on our campus and presenting Tekkonkinkreet accomplished this goal!

Many thanks –

  
Louise Hyder-Darlington
